

THE TOP 100 SALE

Saturday, November 8, 2014
12:30 PM (EST) • At the Ranch, Biscoe, NC

HIGH QUALITY GELBVIEH • ANGUS • BALANCER® CATTLE

Welcome to sale...

Friends, Fellow Breeders & Cattlemen:

Welcome to our 2014 Annual Fall Bull and Female Sale! We are so excited to be able to offer such a fine set of bulls and females! Many donor prospects sell as we offer the top end of our herd. Most lots sell with Genomic EPDs to help with your decision.

A select few bulls sell AI Qualified, as well as potential Donor dams that are already Donor Qualified for your convenience. Make your purchases with confidence.

For those of you unable to make our sale, we offer the opportunity to purchase online at LiveAuction.TV. If you plan to use this service, register early.

Let me take this opportunity to thank all our customers, old and new, for your continued support. We appreciate the confidence you show in our program. We acknowledge God's blessing in our lives and give Him the glory for our accomplishments.

Sincerely,
Duane & Wendy Strider

GELBVIEH.....*Growth, Milk, Muscle and More!*

DIRECTIONS TO THE SALE FACILITY:

C-Cross Cattle Co. and JBOB Farm Signs at T-intersection of OLD 220 and Auman Rd. Farm entrance is just across the interstate overpass.
GPS Address: 205 J-Bob Lane, Biscoe, NC 27209

SCHEDULE OF EVENTS

FRIDAY, NOVEMBER 7

2:00 PM	Cattle available for viewing
6:00 PM	Evening meal served

SATURDAY, NOVEMBER 8

8:00 AM	Cattle available for viewing
11:30 AM	Lunch served
12:30 PM	C-Cross Cattle Co. THE TOP 100 SALE

TRUCKING

Reliable truckers will be available for trucking nationwide. Visit with C-Cross Cattle Company if you need trucking assistance.

REGISTRATION PAPERS

Registration papers are in order on all registered Gelbvieh, Balancer® and Angus cattle selling. Registration papers will be transferred to new owner at seller's expense. Expect the registrations to arrive to you in 45-60 days.

LIABILITY

All persons attending the sale do so at their own risk. C-Cross Cattle Co. and/or the sale management assumes no liability for accidents, theft or damage occurring at the sale facility.

SALE ORDER AND SUPPLEMENTAL INFORMATION

All females will sell in sale book order. There will be a sale order available sale day for bulls. Supplement sheet and announcements from the block take precedence over the sale book. All cattle will be penned in the sale lots beside the sale barn starting on Friday, November 7, at 2:00 pm for viewing.

TERMS AND CONDITIONS

Terms are cash or check, and settlement must be made sale day before the cattle leave the sale facility. All cattle sell under the terms and conditions suggested by the American Gelbvieh Association. A copy of these can be obtained from the AGA or sale management.

C-Cross Cattle Co. Sale Procedures...

C-CROSS CATTLE CO VIDEO AUCTION PROCEDURE:

All females and bulls selling will be penned beside the sale barn for viewing on Friday, November 7 and Saturday, November 8. The cattle will be sold with viewing of the animal selling on video screens in the sale barn. No animal will come into the ring. Please arrive early for viewing of all sale animals.

FEMALES SELLING:

All females will sell as choice lots. Each pairing of lots is designated in sale book. Buyer has choice of lots designated in sale book. When sold, buyer picks choice of animals sold, C-Cross Cattle Company keeps the other. Buyers in the seats sale day must make choice at time of sale before starting sale of the next lots. Online purchases through www.Liveauctions.tv will be contacted immediately following the auction and you must let us know your choice at that time.

BULLS SELLING:

All bulls sell individually

VIDEO VIEWING ONLINE

Videos available for viewing online of all animals selling at www.mms.bz or www.ccrosscattle.com

About the bulls...

C-CROSS CATTLE COMPANY BULL GUARANTEE:

All bulls have been tested and passed a Breeding Soundness Examination. Bulls will be guaranteed for their first breeding season defined as a 90 day breeding season post turn in or a maximum of four months after date of purchase. Guaranteed in full unless negligence of the buyer. C-Cross Cattle Company will work to furnish you another bull of equal value or refund purchase price of the original bull less salvage value.

BULL DEVELOPMENT:

All bulls were developed on a wet ration of soy hulls, corn gluten, corn screenings and a mineral vitamin pack. Bulls had access to grass and/or hay and were held in pasture large enough for adequate exercise.

C-CROSS CATTLE COMPANY WILL RETAIN 50% SEMEN INTEREST IN ALL BULLS SELLING

About the females...

FEMALE PREGNANCY AND CALF INFORMATION:

All females selling with a calf at side have the information listed in the footnote. All females selling as bred have the breeding information and approximate calving time listed in the footnote. All bred females have been pregnancy checked to confirm pregnant and approximate calving dates.

COMMERCIAL OPEN HEIFERS:

15 commercial open heifers will sell following the sale of the bulls. These heifers will listed on a supplement sheet available on sale day.

LiveAuctionsTV

The C-Cross Cattle Co. Top 100 Sale will be broadcast live online at www.liveauctions.tv

Register to bid online prior to the sale.

Sale Book Information and Data...

GENOMIC ENHANCED EPDs (GE EPDS):

C-Cross Cattle Company has DNA tested GE EPDs for most of the females and many of the bulls selling to provide buyers with the most up to date information as possible for the sale offering. All animals selling with GE EPDS is denoted under the EPD box in the first line of footnotes.

ADVANTAGES TO THE BUYER WITH GE EPDs:

- Make better bull buying decisions
- DNA testing is not affected by environment
- Greater confidence in your seedstock supplier
- Select replacement heifers and potential donor dams with more confidence
- Get EPDs with ACC values equal to or greater than a lifetime of progeny
- Find maternally focused bulls that will produce superior replacement females
- Select superior young sires that will accelerate genetic improvement
- Identify sires to use for specific corrective mating situations
- More accurately select sires that excel in feedlot and carcass traits, especially marbling
- Choose bulls that can be confidently used on replacement heifers
- Get more accurate EPDs on bulls and females 2 to 4 years sooner

PROGENY EQUIVALENTS FOR GELBVIEH GENETIC PROFILES WITH GE EPDS	
Trait	GGP Adds
CED	5 progeny
BW	3 progeny
WW	2 progeny

PERFORMANCE INFORMATION:

Hetero Black = DNA tested heterozygous black

Hetero Polled = DNA tested heterozygous polled

BW = Actual Birth Weight

Adj. WW = Adjusted Weaning Weight

Adj. YW = Adjusted Yearling Weight

Adj. SC = Adjusted Scrotal Circumference

Act. SC = Actual Scrotal Circumference

EPD DESCRIPTIONS IN THE SALE BOOK:

CED: Calving ease direct, percent of unassisted births of a bull's calves when he is used on heifers. A higher number is favorable, meaning better calving ease. This EPD can be vital to a rancher looking to decrease the amount of calves pulled in his herd.

BW: Birth weight, predicts the difference, in pounds, for birth weight of the calf.

WW: Weaning weight, predicts the difference, in pounds, for weaning weight (adjusted to age of dam and a standard 205 days of age). This is an indicator of growth from birth to weaning.

YW: Yearling weight, predicts the expected difference, in pounds, for yearling weight (adjusted to a standard 365 days of age). This is an indicator of growth from birth to yearling.

MK: Milk, the genetic ability of a sire's daughters to produce milk expressed in pounds of weaning weight.

TM: Total maternal, an index that combines growth and milk information as a prediction of the weaning weight performance of calves from a sire's daughters. As an index, this value is not reported with an accompanying accuracy. A greater TM value means a mother that returns comparatively higher weaning weights on her calves.

CEM: Calving ease maternal, represented as percent of unassisted births in a sire's first-calving daughters. A higher number represents more favorable calving ease. This EPD is important to a rancher's bottom line because it predicts which animals produce daughters with a genetic pre-disposition to calve unassisted as heifers.

YG: Yield grade, differences in yield grade score, which is a predictor of percent retail product. Smaller values suggest that progeny will have a better lean to fat ratio.

CW: Carcass weight, differences in pounds of hot carcass weight, adjusted to an industry standard age endpoint.

REA: Ribeye area, differences in ribeye area in inches between the 12th and 13th rib. Greater ribeye areas are preferable.

MB: Marbling, predicts the differences in the degree of marbling within the ribeye as expressed in marbling score units. Greater marbling numbers are preferable and are an indicator of higher carcass quality grades.

FPI: Feeder profit index, an economic selection index designed to aid producers in selecting sires whose progeny will perform in the feedlot and are sold on grade and yield. Well ranking sires for FPI have higher marbling and carcass weight than their contemporaries. As a terminal index, little emphasis is put on maternal traits such as stayability and calving ease.

Selling choice of Lots 1 and 2

EHE Ms Twila's Focus W607 ET • Sells as Lot 1.

Lot 1

W607 has emerged as one of the top producing donor females in the Gelbvieh breed. She's a maternal sister to Post Rock Granite 200P2, the leading AI sire for three straight years in the breed. Her dam, 223M2, has produced 198 registered animals in her lifetime. This production cow family stands near the top of the breed. W607 is the dam of our 2013 Futurity Champion female in Louisville. Three daughters sell sired by Reflex and Good Fortune. Five sons sell sired by Good Fortune and Beech Jet R052. She ranks in the top 1% for FPI Index, the top 2% for calving ease & milk, the top 3% for marbling, and the top 4% for low birth and yield grade.

Sells open and ready to flush. She averages 25 embryos per flush.

CCRO 2301Z • 2013 NAILE Futurity Champion.
Daughter of Lot 1. She also sells as Lot 5.

Lot 2

8361U has emerged as our top carcass cow in the program. She is sired by Mytty In Focus and out of a full sister to Carolina Fortune, the 2564J donor cow. We are selling two daughters sired by Black Impact and Post Rock Silver. She ranks in the top 1% of the breed for marbling, FPI Index, yield grade, and maternal milk, the top 2% for calving ease and top 3% for total maternal. Averages 20 embryos per flush.

PE 04-01-14 to 07-10-14 to JCGR Bar GT Colton 292X (AMGV1153520). Confirmed bred.

Selling choice of Lots 3, 4 and 5

Lot 3

0300X is the Black Impact daughter out of the Lot 2 donor female, 8361U. As you will see in these daughters, the production of this great donor cow, 8361U, has emerged as some of the top carcass genetics available in the Gelbvieh breed. 0300X ranks in the top 1% for FPI Index and yield grade, the top 2% for calving ease, top 3% for milk, and the top 10% for low birth and ribeye.

Genomic Enhanced EPDs

A daughter of the Lot 26 cow. Selling buyer's choice between Lots 26 & 27. She is sired by Future Investment X037, a great young herd sire that was the high selling bull in the 2012 Genetic Power sale for \$26,000. This great young female is very strong in carcass genetics and maternal values as she ranks in the top 10% for milk and TM, and the top 25% for MB.

AI'd 02-01-14 to DCSF Post Rock Granite 200P2 (AMGV930426). PE 04-03-14 to 07-12-14 to LWHF Intimidator 617Z (AMGV1243034). Confirmed safe to AI and will calve mid-November. Calf will be homo black.

Cutting Edge 3230A, is a full brother to CCRO Carolina Exclusive 1230Y, the high selling bull in the C-Cross Cattle Co. Sale in 2012. Exclusive has emerged as one of the top used AI sires in the breed over the past two years. His dam, 7309T, sold in our sale last year to Post Rock Cattle Co for \$25,000. This cow family ranks in the top 2% for MB and the top 1% for YG that carries through to the Lot 102 bull. 3230A ranks in the top 1% for YW, YG, & CW, the top 2% for WW and REA, and the top 4% for FPI index. He also ranks in the top 25% for MB. 3230A is the only full brother to Exclusive out of the great 7309T cow that will be selling this fall or next spring. The genetic potential with performance carcass and eye appeal is unlimited with this young herd sire. He is homozygous black and homozygous polled with performance and the ability to be a breed changer for any program in the country.

Selling full possession and 50% semen interest in this young sire.

CCRO Ms C-Cross EC / 7309T • Dam of Lot 102.

CCRO Exclusive 1230Y • Full brother of Lot 102.

C-Cross Cattle Co Fall Yearling Bulls

CCRO Carolina Leverage 3214A • Sells as Lot 103.

Lot 103

Homozygous black, homozygous polled purebred 88% Gelbvieh bull. Here is a young herd sire that has been a favorite here at C-Cross since birth. His dam, 1309Y, is a daughter of the 3403K family, that has been the top cow family in our program. This young sire has it all: thickness, depth of body, eye appeal, and performance. His genomic enhanced EPDs give you a head start on what to expect from this great young herd sire prospect. He ranks in the top 1% for FPI, calving ease and YG, the top 10% for low birth, WW, YW, milk, and REA. This young calving ease bull has AI revenue potential with a strong pedigree and everything to go with it. Yearling weight ratio of 109. Dam sells as lot 19.

Selling full possession and 50% semen interest.

CCRO Power Ball 3901A ET • Sells as Lot 104.

DCSF Post Rock Wilma 261P1 ET • Dam of Lots 104-107.

Lots 104-107 are maternal brothers to the syndicated bull, Post Rock Silver. Their dam, Post Rock Wilma 261P1, is one of the great production donor females in the Gelbvieh breed. We are offering four sons of this great cow as Lots 104-107. All four lots are homozygous polled as well. Lot 104 is purebred and sired by a past high-selling bull in the C-Cross production sale, CCRO Good Fortune 8206, with Lots 105-107 sired by the Angus AI sire Connealy Consensus. These four bulls carry a very strong genetic package for both purebred and commercial cattlemen.

C-Cross Cattle Co 18-20 Month Old Bulls

EHE Ms Twila's Focus W607 ET • Dam of Lots 108-111.

Lots 108-111 are four homozygous black full brothers that are sons of the Lot 1 cow also selling, W607. W607 has emerged as the top producing Balancer donor female here in the C-Cross Cattle Co program. These four bulls are all 75% Balancer bulls sired by CCRO Good Fortune 8206, a top selling sire that was sold in the previous C-Cross sale to Jumping Cow Gelbvieh. These four full brothers have the added age being 20 month old bulls ready to go out and breed a large number of cows. The maternal package you are getting with these bulls along with calving ease and yield grade is as good as it gets in our program.
