

BULL & FEMALE PRODUCTION SALE

Saturday, November 14, 2015
12:30 PM (EST) • At the Ranch, Biscoe, NC

HIGH QUALITY GELBVIEH • ANGUS • BALANCER® CATTLE

Welcome to sale...

Friends, Fellow Breeders & Cattlemen:

Welcome to our 2015 Annual Fall Bull and Female Sale! We are happy to again offer you some of the top genetics from the heart of our herd. Many lots sell with Genomic Enhanced EPD's and 50K testing to quantify your selection. Make your purchase with confidence.

The Heifer offering is excellent with many Donor potential females selling. Many powerful Gelbvieh, Angus and Balancer bulls sell as well, meeting the needs of the Purebred and Commercial breeder.

We welcome our Angus friends as this year's offering includes some of the top industry genetics.

Let me take this opportunity to thank all our customers, old and new, for your continued support. We appreciate the confidence you show in our program. We acknowledge God's blessing in our lives and give Him the glory for our accomplishments.

Sincerely,
Duane & Wendy Strider

GELBVIEH.....Your source for Performance, Carcass and Eye Appeal

DIRECTIONS TO THE SALE FACILITY:

C-Cross Cattle Co. and JBOB Farm Signs at T-intersection of OLD 220 and Auman Rd. Farm entrance is just across the interstate overpass.

SCHEDULE OF EVENTS

FRIDAY, NOVEMBER 13

2:00 PM	Cattle available for viewing
---------	------------------------------

SATURDAY, NOVEMBER 14

8:00 AM	Cattle available for viewing
11:30 AM	Lunch served
12:30 PM	C-Cross Cattle Co. Production Sale

TRUCKING

Buyers are responsible for shipping cost and scheduling trucking. C-Cross Cattle will be glad to provide you with a list of reliable truckers for trucking nationwide, if needed.

REGISTRATION PAPERS

Registration papers are in order on all registered Gelbvieh, Balancer® and Angus cattle selling. Registration papers will be transferred to new owner at seller's expense. Expect the registrations to arrive to you in 45-60 days.

LIABILITY

All persons attending the sale do so at their own risk. C-Cross Cattle Co. and/or the sale management assumes no liability for accidents, theft or damage occurring at the sale facility.

SALE ORDER AND SUPPLEMENTAL INFORMATION

All females will sell in sale book order. There will be a sale order available sale day for bulls. Supplement sheet and announcements from the block take precedence over the sale book. All cattle will be penned in the sale lots beside the sale barn starting on Friday, November 13, at 2:00 pm for viewing.

TERMS AND CONDITIONS

Terms are cash or check, and settlement must be made sale day before the cattle leave the sale facility. All cattle sell under the terms and conditions suggested by the American Gelbvieh Association. A copy of these can be obtained from the AGA or sale management.

C-Cross Cattle Co. Sale Procedures...

C-CROSS CATTLE CO VIDEO AUCTION PROCEDURE:

All females and bulls selling will be penned beside the sale barn for viewing on Friday, November 13 and Saturday, November 14. The cattle will be sold with viewing of the animal selling on video screens in the sale barn. No animal will come into the ring. Please arrive early for viewing of all sale animals.

FEMALES SELLING:

All females will sell as choice lots. Each pairing of lots is designated in sale book. Buyer has choice of lots designated in sale book. When sold, buyer picks choice of animals sold, C-Cross Cattle Company keeps the other. Buyers in the seats sale day must make choice at time of sale before starting sale of the next lots. Online purchases through www.Liveauctions.tv will be contacted immediately following the auction and you must let us know your choice at that time.

BULLS SELLING:

All bulls sell individually

VIDEO VIEWING ONLINE

Videos available for viewing online of all animals selling at www.mms.bz or www.ccrosscattle.com

About the bulls...

C-CROSS CATTLE COMPANY BULL GUARANTEE:

All bulls have been tested and passed a Breeding Soundness Examination. Bulls will be guaranteed for their first breeding season defined as a 90 day breeding season post turn in or a maximum of four months after date of purchase. Guaranteed in full unless negligence of the buyer. C-Cross Cattle Company will work to furnish you another bull of equal value or refund purchase price of the original bull less salvage value.

BULL DEVELOPMENT:

All bulls were developed on a wet ration of soy hulls, corn gluten, corn screenings and a mineral vitamin pack. Bulls had access to grass and/or hay and were held in pasture large enough for adequate exercise.

C-CROSS CATTLE COMPANY WILL RETAIN 50% SEMEN INTEREST IN ALL BULLS SELLING

About the females...

FEMALE PREGNANCY AND CALF INFORMATION:

All females selling with a calf at side have the information listed in the footnote. All females selling as bred have the breeding information and approximate calving time listed in the footnote. All bred females have been pregnancy checked to confirm pregnant and approximate calving dates will be listed on the supplement sheet sale day.

LiveAuctions

The C-Cross Cattle Co. Bull & Female Production Sale will be broadcast live online at
www.liveauctions.tv

Register to bid online prior to the sale.

Sale Book Information and Data...

GENOMIC ENHANCED EPDs (GE EPDS):

C-Cross Cattle Company has DNA tested GE EPDs for most of the females and many of the bulls selling to provide buyers with the most up to date information as possible for the sale offering. All animals selling with GE EPDS is denoted under the EPD box in the first line of footnotes.

ADVANTAGES TO THE BUYER WITH GE EPDs:

- Make better bull buying decisions
- DNA testing is not affected by environment
- Greater confidence in your seedstock supplier
- Select replacement heifers and potential donor dams with more confidence
- Get EPDs with ACC values equal to or greater than a lifetime of progeny
- Find maternally focused bulls that will produce superior replacement females
- Select superior young sires that will accelerate genetic improvement
- Identify sires to use for specific corrective mating situations
- More accurately select sires that excel in feedlot and carcass traits, especially marbling
- Choose bulls that can be confidently used on replacement heifers
- Get more accurate EPDs on bulls and females 2 to 4 years sooner

PROGENY EQUIVALENTS FOR GELBVIEH GENETIC PROFILES WITH GE EPDS	
Trait	GGP Adds
CED	5 progeny
BW	3 progeny
WW	2 progeny

MK	5 progeny
CEM	2 progeny
YG	7 progeny
CW	2 progeny
REA	1 progeny
MB	20 progeny

PERFORMANCE INFORMATION:

Hetero Black = DNA tested heterozygous black

Hetero Polled = DNA tested heterozygous polled

BW = Actual Birth Weight

Adj. WW = Adjusted Weaning Weight

Adj. YW = Adjusted Yearling Weight

Adj. SC = Adjusted Scrotal Circumference

Act. SC = Actual Scrotal Circumference

EPD DESCRIPTIONS IN THE SALE BOOK:

CED: Calving ease direct, percent of unassisted births of a bull's calves when he is used on heifers. A higher number is favorable, meaning better calving ease. This EPD can be vital to a rancher looking to decrease the amount of calves pulled in his herd.

BW: Birth weight, predicts the difference, in pounds, for birth weight of the calf.

WW: Weaning weight, predicts the difference, in pounds, for weaning weight (adjusted to age of dam and a standard 205 days of age). This is an indicator of growth from birth to weaning.

YW: Yearling weight, predicts the expected difference, in pounds, for yearling weight (adjusted to a standard 365 days of age). This is an indicator of growth from birth to yearling.

MK: Milk, the genetic ability of a sire's daughters to produce milk expressed in pounds of weaning weight.

TM: Total maternal, an index that combines growth and milk information as a prediction of the weaning weight performance of calves from a sire's daughters. As an index, this value is not reported with an accompanying accuracy. A greater TM value means a mother that returns comparatively higher weaning weights on her calves.

CEM: Calving ease maternal, represented as percent of unassisted births in a sire's first-calving daughters. A higher number represents more favorable calving ease. This EPD is important to a rancher's bottom line because it predicts which animals produce daughters with a genetic pre-disposition to calve unassisted as heifers.

YG: Yield grade, differences in yield grade score, which is a predictor of percent retail product. Smaller values suggest that progeny will have a better lean to fat ratio.

CW: Carcass weight, differences in pounds of hot carcass weight, adjusted to an industry standard age endpoint.

REA: Ribeye area, differences in ribeye area in inches between the 12th and 13th rib. Greater ribeye areas are preferable.

MB: Marbling, predicts the differences in the degree of marbling within the ribeye as expressed in marbling score units. Greater marbling numbers are preferable and are an indicator of higher carcass quality grades.

FPI: Feeder profit index, an economic selection index designed to aid producers in selecting sires whose progeny will perform in the feedlot and are sold on grade and yield. Well ranking sires for FPI have higher marbling and carcass weight than their contemporaries. As a terminal index, little emphasis is put on maternal traits such as stayability and calving ease.

1309Y produced CCRO Carolina Leverage 3214A as a first calf heifer. Leverage topped our 2014 Fall Sale at \$30,000 selling to J & K Farm in Illinois. Leverage was syndicated with semen packages selling the 2015 National Gelbvieh and Balancer Sale as the top selling lot. Her second calf is selling as the lot 89 bull in this sale. This great young cow has a very strong and bright future in our ET program and we are happy to offer a flush opportunity on this breed changing cow. She ranks in the top 3% for WW and YW, top 2% for YG and top 5% for CW.

Terms and conditions of CCRO 1309Y flush: Buyer gets 6 transferable embryos with a guarantee of 3 pregnancies to the sire of your choice. All flush and freeze cost are provided by C-Cross Cattle Co and the buyer pays for shipment cost to get embryos to buyer location. Buyer provides semen to C-Cross if the sire used is not in the C-Cross Cattle Co semen battery. If C-Cross Cattle Co owns the sire you wish to use, C-Cross will provide the semen for the flush.

All embryos must be placed by a certified embryologist for this guarantee. The guarantee is 1 replacement embryo per pregnancy that does not take. When an embryo is replaced, the guarantee is fulfilled.

CCRO 8361U • DAM OF LOT 2 DONOR.

0300X is one of our two next great donors on the horizon here at C-Cross Cattle Co. She is a daughter of the great 8361U donor that is a C-Cross bred total genetic value package donor. Lot 2 donor, 0300X is at the top of our genetic package offerings with calving ease, performance carcass values. Don't miss this unique opportunity on the first and only flush to be offered on this great cow. This Black Impact daughter has exceptional eye appeal while ranking in the top 2% for CED, top 10% for BW, top 30% for WW, top 40% for YW, top 2% for Milk, top 15% for REA and top 5% for MB. She has produced 2 exceptional heifers that are retained in our herd.

Terms and conditions of CCRO 0300X flush: Buyer gets 6 transferable embryos with a guarantee of 3 pregnancies to the sire of your choice. All flush and freeze cost are provided by C-Cross Cattle Co and the buyer pays for shipment cost to get embryos to buyer location. Buyer provides semen to C-Cross if the sire used is not in the C-Cross Cattle Co semen battery. If C-Cross Cattle Co owns the sire you wish to use, C-Cross will provide the semen for the flush.

All embryos must be placed by a certified embryologist for this guarantee. The guarantee is 1 replacement embryo per pregnancy that does not take. When an embryo is replaced, the guarantee is fulfilled.

These two heifers should impress you. The 88% GV 3310A heifer certainly should make you stop and pay attention, not only in phenotype, but many of her EPD's are in the top 1% of the breed; while 3355A, a 38% GV, maintains a balance of femininity and tremendous bone. Both of their dams sold in last year's "Top 100" offering. CCRO 1316Y sold to Warner Beef Genetics as a donor for their program and CCRO 9357W sold to Michael Little.

Lot 16 Sits in top 25% for YW, top 15% for Milk, and top 10% for Total Maternal.
AI'd 02-01-2015 to CCRO Carolina Leverage 3214A (AMGV1281559). Should calve by sale date

Lot 17 Sits in top 3% for WW, top 2% for YW, top 3% for CW and MB and top 2% for Total Maternal.

JCGR BAR GT COLTON 292X • SIRE OF LOTS 76-78.

This 50% Balancer is definitely our favorite. Looking at his pedigree, you can certainly see why. Combining JBOB Carolina Fortune, New Design 878, Collateral 2R and Power Alliance produced this special bull. The JBOB 1604H cow may have been the first cow bred to the Fortune bull. This young bull is sound footed, clean fronted, and big topped with excellent spring of rib and moves effortlessly. His dam, CCRO 8159U, makes her way to the donor pen next spring. Carolina Top Link sits in the top 15% in CED, top 30% in WW, top 35% in YW, and top 10% in marbling. His recent scrotal measurement of 42.5 centimeters was one of the highest among his peers.

This mating is certainly no accident. As you study pedigrees you find many of the breed's all time greats; JBOB 3298K, FHG 7H, Leachman Right Time, to name a few. Excellent top and spring of rib in this fine Balancer bull. Excellent carcass numbers – top 2% in Yield Grade, 3% in Rib Eye Area and 10% in Marbling.

CCRO BELLE OF THE BALL 1309Y • DAM OF LOT 89.

One of the ranch's favorite since birth. He is the maternal brother to CCRO Carolina Leverage. Leverage was the top selling bull in our 2014 production sale that went on to be syndicated as the top selling lot in the 2015 National Sale. His dam, CCRO 1309Y sells a flush as lot 1 in this sale as well. Here is a young bull that can be a very strong genetic package for any program. He ranks in the top 4% in WW and 3% in YW. Massive amount of bone in this big footed bull sired by JCGR Colton.

Could be one of my favorite in all of the sale offerings. A JKG Future Investment son combining the great RJ bull and the JBOB 1335G cow family. Youngest bull in the offering but certainly one of the top potential money making bulls for the commercial cattleman. Sits in the top 20% for WW, 40% for YW and 15% for Yield.

WOW! Three EXAR Upshots out of the EXAR 5116 Beauty cow. All three are nice bulls and rank high in carcass traits. Sons of the great EXAR Beauty 5116 Angus donor female we have here in our program. She is one of 2 Angus donors we chose to help build an Angus base in our program. As you will see in her bulls selling here, her progeny are very impressive. Full ET brothers sired by EXAR Upshot sell as lots 109, 110 and 111.
