

The logo features the text "42ND ANNUAL" in a small, bold, black sans-serif font at the top left. Below it, the word "Gelbvieh" is written in a large, black, cursive script. Underneath "Gelbvieh", the word "GOLD" is written in very large, bold, yellow capital letters with a thick black outline. The background of the entire image is a soft-focus photograph of a cornfield with tall stalks and green leaves, with a bright light source creating a lens flare effect in the lower-left quadrant.

1 CKJ GELBVIEH PICK OF THE HERD

CKJ GELBVIEH

CKJ Gelbvieh is offering the opportunity to choose from our 2014 born open heifers. Nine head to pick from and something to satisfy any criteria. Daughters of TJB Velvet 919U 105X, CKS Ms Helen B 808U ET, Justamere Patti, BDCG PMFG Chief Executive 10U1, CKS Upgrade Y31 and DLGO MC Ransome 103X are included in this pick opportunity. This group of spring heifers is open and ready to breed this spring. Heifer must be selected and picked up by 3/21/2015. A complete listing of the heifers available is available at www.gogelbvieh.com/cks as sale day nears.

TJB X105 • Dam of a pick heifer in Lot 1.

2 SIENKNECHT CATTLE CO. PICK OF THE HERD

SIENKNECHT CATTLE CO.

We are opening the gates to your choice of any spring bred female at Sienknecht Cattle Co. This pick consists of 17 bred heifers that are sired by DLW Edison, SAV Brilliance, O'Reilly Factor and SINK Quicken 818X. The spring bred heifers were AI bred on 5/15/14 to DCSF Highly Focused 308Y8 and to Sandpoint Butkis, then pasture exposed to LARS Sundown 49X. The cows consist of 53 spring bred cows that were synchronized and AI'd on 6/6/14. Service sires used were DLW Edison, CTR Sandhills 0065X, DCSF Astronaut and BGGR Gravity 803A the 2014 Balancer Bull Futurity winner. All the spring bred cows were then exposed to DLW Edison the 2012 Balancer Bull Futurity winner. Ultrasound pregnancy status available on all spring bred cows. Please make selection by March 15, 2015

Deep bodied and powerfully built. One of the best show heifers we had in 2014. Her dam is one of our most consistent cows and has a calf every year that is one of the best in the calf crop. Bred to SINK 101Y, who goes back to CTR Good Night 715T. We've used SINK 101Y on our heifers the last two years and have had consistently low birth weights and no trouble at calving time. He also produces some of our biggest, most stylish calves at weaning. Pasture exposed 5/10/14- 6/10/14 to SINK 101Y (AMGV 1191484) Safe and due in late February.

Here is a really powerful, stylish female with a bright future in the show ring and the pasture. She has had already had a successful show career including class winner at the NAILE, and is sure to be very competitive this upcoming show season. She is stout made, thick topped, big boned, level designed and square hipped and has a huge middle in her. Very gentle, would be great for a junior.

Another fun balancer heifer right off the top of the fall heifer group. 3230A is extremely long and stylish with loads of femininity. She is super big topped with plenty of hip and muscle expression down into her stifle. Out of a tremendous young cow we purchased in the Verner Farms Dispersal. The "Ellijay" cow family has definitely made its mark for many breeders. This heifer has all of the right parts to compete in the showing as well as in your herd. Proven genetics on both sides of the pedigree. This heifer is a "no miss" opportunity. AI'd 12/2/14 to CTR Good Night 715T

What an exciting Balancer, fall bred heifer!! We strive to bring our best to this sale and this year is no different. 3234A is a half sib to the 2013 Grand Champion Balancer Female at the Missouri State Fair. This heifer's combination of rib expression and style is hard to match. It's not often you can find one this powerful, yet put together in such a feminine package. 3234A is sure to be competitive in the show ring, but I'm most excited to see her as a cow. Matching our never-fail Dam of Merit Ms. Nikoma with Futurity Champion SDCG X-Factor worked well in this ET mating. Nikoma has put several daughters/granddaughters in our herd and Adel exceeds our expectations. Correct, attractive, thick and deep, Adel has an incredible disposition as well. This homo-black, homo-polled heifer will work. Bred 5-19-14 to Bush's Sure Deal 33 (AMAN17044981). Check out video and additional information as it becomes available at www.facebook.com/RussellLivestock.

Homozygous Black. I've been excited about this young female ever since weaning and she only keeps getting better. 470B exhibits a well-balanced EPD profile and a unique pedigree. Her sire, Ruppel Gunnison N31, has sired multiple donor cows within the Taubenheim Gelbvieh herd. Her dam is a SAV Final Answer first calf heifer who may soon prove to be one of the best cows within my own herd. Several of this female's EPDs rank within the top 25%, including: Calving Ease (CED), Weaning Weight (WW), Milk (MK), Total Maternal (TM), Stayability (ST), and Ribeye Area (REA). Futurity Eligible.

If you need some size and power back in your calf crop look no further. Here is a powerful herd sire prospect with great individual performance and plenty of growth, muscle and size. He is correct on his feet and legs, great testicular development and a super disposition. He has an impressive set of EPDs with good spread from birth to growth. He ranks in the top 3% on total maternal, top 10% on yearling, milk and carcass wt and the top 15% on weaning wt. (fall 2014 epds) He has been shown successfully through this past show season.

ABCS Black Label 010B is another calf sire by our herd sire 19u and he possesses a lot of the same qualities that we like about his sire. This bull has a big foot, is very sound in his structure and is deep sided. What you appreciate about him in person is how long framed he is and his thickness through his top. This is a unique opportunity to purchase a high quality purebred that you shouldn't overlook. For more information, visit ABCSGelbvieh.com

Here is an outstanding homozygous polled herd sire prospect. If you need a bull that looks the part then look no further. Polar has been a standout since birth and has continued to impress us. His pedigree sports the calving ease of Top Secret along with the meatpacking ability of Astro. Put these together and you get a low birth, high growth, powerhouse of a bull in 4127B. There won't be many more Astro sons out there, so get this one while you can. For information and video of 4127B, visit www.cibsgelbvieh.com. Retaining 50% semen interest.

This standout son of the great Sandman bull was a favorite member of the Pen of 5 Balancers exhibited at the NWSS. This bull matches a balanced muscular phenotype with Yield Grade, Marbling, and Rib Eye Area EPDs that rank in the top 10% of the Balancer breed. He is also very well tempered and is Homozygous Polled.

We have been extremely happy with how 07B has developed. His sire is a full brother to Post Rock Cattle Company's DCSF Shark 273Y1 herd sire that was Senior Champion Bull in Denver in 2014, and their dam is a donor female at J Bar M Gelbvieh in Missouri. Loaded with performance and look, this young herd sire will be one to look up on February 10.
