

BULL & FEMALE PRODUCTION SALE

Saturday, November 12, 2016
12:30 PM (EST) • At the Ranch, Biscoe, NC

HIGH QUALITY GELBVIEH • ANGUS • BALANCER® CATTLE

Welcome to the sale...

Friends, Fellow Breeders & Cattlemen:

Welcome to our 2016 Annual Fall Bull and Female Sale! We are happy to again offer you some of the top genetics from the heart of our herd. It is a great time to invest in high quality cattle, whether commercial or seed stock producers, as they command a premium in any market.

This excellent set of young females will help take your operation to the next level. Quality runs deep and is highlighted by breed leading genetics. CCRO Exclusive 1230Y continues to influence the breed. His combination of growth and carcass is working in production cattle as well as in the show ring. We are offering several CCRO Exclusive 1230Y daughters in this sale. Take advantage of this as we will retain all his daughters next year.

We are also offering our first CCRO Leverage 3214A progeny and are excited about the results.

We sincerely thank you for your continued support and cherish the relationships we have built in this industry. We acknowledge God's blessing in our lives and give Him the glory for our accomplishments.

Sincerely,
Duane & Wendy Strider

C-Cross Cattle..... *Your source for Performance, Carcass and Eye Appeal*

DIRECTIONS TO THE SALE FACILITY:

C-Cross Cattle Co. and JBOB Farm Signs at T-intersection of OLD 220 and Auman Rd. Farm entrance is just across the interstate overpass.
GPS Address: 205 J-Bob Lane, Biscoe, NC 27209

SCHEDULE OF EVENTS

FRIDAY, NOVEMBER 11

2:00 PM	Cattle available for viewing
---------	------------------------------

SATURDAY, NOVEMBER 12

8:00 AM	Cattle available for viewing
11:30 AM	Lunch served
12:30 PM	C-Cross Cattle Co. Production Sale

TRUCKING

Buyers are responsible for shipping cost and scheduling trucking. C-Cross Cattle will be glad to provide you with a list of reliable truckers for trucking nationwide, if needed.

REGISTRATION PAPERS

Registration papers are in order on all registered Gelbvieh, Balancer® and Angus cattle selling. Registration papers will be transferred to new owner at seller's expense. Expect the registrations to arrive to you in 45-60 days.

LIABILITY

All persons attending the sale do so at their own risk. C-Cross Cattle Co. and/or the sale management assumes no liability for accidents, theft or damage occurring at the sale facility.

SALE ORDER AND SUPPLEMENTAL INFORMATION

All females will sell in sale book order. There will be a sale order available sale day for bulls. Supplement sheet and announcements from the block take precedence over the sale book. All cattle will be penned in the sale lots beside the sale barn starting on Friday, November 11, at 2:00 pm for viewing.

TERMS AND CONDITIONS

Terms are cash or check, and settlement must be made sale day before the cattle leave the sale facility. All cattle sell under the terms and conditions suggested by the American Gelbvieh Association. A copy of these can be obtained from the AGA or sale management.

C-Cross Cattle Co. Sale Procedures...

C-CROSS CATTLE CO VIDEO AUCTION PROCEDURE:

All females and bulls selling will be penned beside the sale barn for viewing on Friday, November 11 and Saturday, November 12. The cattle will be sold with viewing of the animal selling on video screens in the sale barn. No animal will come into the ring. Please arrive early for viewing of all sale animals.

FEMALES SELLING:

Many females will sell as choice lots. Each pairing of lots is designated in sale book. Buyer has choice of lots designated in sale book. When sold, buyer picks choice of animals sold, C-Cross Cattle Company keeps the other. Buyers in the seats sale day must make choice at time of sale before starting sale of the next lots. Online purchases through www.Liveauctions.tv will be contacted immediately following the auction and you must let us know your choice at that time.

BULLS SELLING:

All bulls sell individually

VIDEO VIEWING ONLINE

Videos available for viewing online of all animals selling at www.mms.bz or www.ccrosscattle.com

About the bulls...

C-CROSS CATTLE COMPANY BULL GUARANTEE:

All bulls have been tested and passed a Breeding Soundness Examination. Bulls will be guaranteed for their first breeding season defined as a 90 day breeding season post turn in or a maximum of four months after date of purchase. Guaranteed in full unless negligence of the buyer. C-Cross Cattle Company will work to furnish you another bull of equal value or refund purchase price of the original bull less salvage value.

BULL DEVELOPMENT:

All bulls were developed on a wet ration of soy hulls, corn gluten, corn screenings and a mineral vitamin pack. Bulls had access to grass and/or hay and were held in pasture large enough for adequate exercise.

C-CROSS CATTLE COMPANY WILL RETAIN 50% SEMEN INTEREST IN ALL BULLS SELLING

About the females...

FEMALE PREGNANCY AND CALF INFORMATION:

All females selling with a calf at side have the information listed in the footnote. All females selling as bred have the breeding information and approximate calving time listed in the footnote. All bred females have been pregnancy checked to confirm pregnant and approximate calving dates will be listed on the supplement sheet sale day.

LiveAuctions

The C-Cross Cattle Co. Bull & Female Production Sale will be broadcast live online at
www.liveauctions.tv

Register to bid online prior to the sale.

Sale Book Information and Data...

GENOMIC ENHANCED EPDs (GE EPDS):

C-Cross Cattle Company has DNA tested GE EPDs for most of the females and many of the bulls selling to provide buyers with the most up to date information as possible for the sale offering. All animals selling with GE EPDs is denoted under the EPD box in the first line of footnotes.

ADVANTAGES TO THE BUYER WITH GE EPDs:

- Make better bull buying decisions
- DNA testing is not affected by environment
- Greater confidence in your seedstock supplier
- Select replacement heifers and potential donor dams with more confidence
- Get EPDs with ACC values equal to or greater than a lifetime of progeny
- Find maternally focused bulls that will produce superior replacement females
- Select superior young sires that will accelerate genetic improvement
- Identify sires to use for specific corrective mating situations
- More accurately select sires that excel in feedlot and carcass traits, especially marbling
- Choose bulls that can be confidently used on replacement heifers
- Get more accurate EPDs on bulls and females 2 to 4 years sooner

PROGENY EQUIVALENTS FOR GELBVIEH GENETIC PROFILES WITH GE EPDS	
Trait	GGP Adds
CED	5 progeny
BW	3 progeny
WW	2 progeny
YW	3 progeny
MK	5 progeny
CEM	2 progeny
YG	7 progeny
CW	2 progeny
REA	1 progeny
MB	20 progeny

PERFORMANCE INFORMATION:

Hetero Black = DNA tested heterozygous black

Hetero Polled = DNA tested heterozygous polled

BW = Actual Birth Weight

Adj. WW = Adjusted Weaning Weight

Adj. YW = Adjusted Yearling Weight

Adj. SC = Adjusted Scrotal Circumference

Act. SC = Actual Scrotal Circumference

EPD DESCRIPTIONS IN THE SALE BOOK:

CED: Calving ease direct, percent of unassisted births of a bull's calves when he is used on heifers. A higher number is favorable, meaning better calving ease. This EPD can be vital to a rancher looking to decrease the amount of calves pulled in his herd.

BW: Birth weight, predicts the difference, in pounds, for birth weight of the calf.

WW: Weaning weight, predicts the difference, in pounds, for weaning weight (adjusted to age of dam and a standard 205 days of age). This is an indicator of growth from birth to weaning.

YW: Yearling weight, predicts the expected difference, in pounds, for yearling weight (adjusted to a standard 365 days of age). This is an indicator of growth from birth to yearling.

MK: Milk, the genetic ability of a sire's daughters to produce milk expressed in pounds of weaning weight.

TM: Total maternal, an index that combines growth and milk information as a prediction of the weaning weight performance of calves from a sire's daughters. As an index, this value is not reported with an accompanying accuracy. A greater TM value means a mother that returns comparatively higher weaning weights on her calves.

CEM: Calving ease maternal, represented as percent of unassisted births in a sire's first-calving daughters. A higher number represents more favorable calving ease. This EPD is important to a rancher's bottom line because it predicts which animals produce daughters with a genetic pre-disposition to calve unassisted as heifers.

YG: Yield grade, differences in yield grade score, which is a predictor of percent retail product. Smaller values suggest that progeny will have a better lean to fat ratio.

CW: Carcass weight, differences in pounds of hot carcass weight, adjusted to an industry standard age endpoint.

REA: Ribeye area, differences in ribeye area in inches between the 12th and 13th rib. Greater ribeye areas are preferable.

MB: Marbling, predicts the differences in the degree of marbling within the ribeye as expressed in marbling score units. Greater marbling numbers are preferable and are an indicator of higher carcass quality grades.

FPI: Feeder profit index, an economic selection index designed to aid producers in selecting sires whose progeny will perform in the feedlot and are sold on grade and yield. Well ranking sires for FPI have higher marbling and carcass weight than their contemporaries. As a terminal index, little emphasis is put on maternal traits such as stayability and calving ease.

Terms and conditions of CCRO 8361U flush:

Buyer gets 6 transferable embryos with a guarantee of 3 pregnancies to the sire of your choice. All flush and freeze cost are provided by C-Cross Cattle Co and the buyer pays for shipment cost to get embryos to buyer location. Buyer provides semen to C-Cross if the sire used is not in the C-Cross Cattle Co semen battery. If C-Cross Cattle Co owns the sire you wish to use, C-Cross will provide the semen for the flush.

All embryos must be placed by a certified embryologist for this guarantee. The guarantee is 1 replacement embryo per pregnancy that does not take. When an embryo is replaced, the guarantee is fulfilled.

Selling an embryo package out of DLW 802U, donor that was added to the C-Cross program in 2015 from the Warner Beef Genetics, Genetic Opportunities Sale. 802U has emerged as possible the most productive purebred donor in the Gelbvieh breed over the past 4 years. In 2014 her son's sired by Bennett U271 took the breed by storm. Her son, DLW Alumni 7513A was crowned Breeder's Choice Gelbvieh Bull Futurity Champion. The flush brothers to Alumni, sold in Warner Beef Genetics sale, with 5 full brothers selling to Gelbvieh/Balancer seedstock producers. Her production continues to be the most intriguing individuals no matter the sire. We chose to flush her to our own, CCRO Carolina Leverage 3214A, the first \$100,000 bull in the Gelbvieh Breed. The Leverage calves are top talk among the semen shareholders.

Offering is 4 grade 1 frozen embryos, guaranteeing 2 pregnancies if implanted by certified embryologist with replacement guarantee of 1 embryo. Buyer pays all shipping cost.

CCRO Exclusive 1230Y sold as the high selling bull in the 2012 C-Cross Cattle Co production sale. Exclusive emerged as the most talked about and most desired young sire in the breed for carcass traits and performance. His progeny have ranked among the top in carcass traits breed wide to combine with the quality of the animal. Exclusive is the sire that produces the most desired performance cattle as well as producing National Champion bulls. He ranks in the top 1% for FPI, CW and YW, top 2% for WW and the top 3% for marbling. TAKE NOTE: This will be the last Exclusive daughters offered for sale from C-Cross Cattle Co and Exclusive semen is not on the market for purchase. Take the opportunity to purchase daughters or this lot 3 embryo opportunity to add his genetics to your breeding program.

CHOICE OF TWIN HEIFERS Sired by JCGR BAR GT COLTON 292X and out of CCRO 9347W, the granddam of CCRO Leverage 3214A. It takes a good cow to raise a good calf but it takes a great cow to raise a set of twins of this quality. They have been nothing but a pleasure to watch grow, breed and mature into these fascinating heifers. I hate to see them separated – Buyer's Choice to double the bid and keep them together.

C-Cross Cattle Co. 18-22 Month Old Bulls

CCRO INFORCER 5105C • SELLS AS LOT 51.

Selling full possession and 50% semen interest in CCRO Inforcer 5105C.

A very powerful and intriguing Purebred 88% Gelbvieh bull sired by LWHF Intimidator 617Z. Lot 51 is a very unique individual that comes from the Ms Twila W607 family and sired by a maternal brother to JKGF Reflex X4 sired by HYEK Black Impact 3960N. CCRO Inforcer 5105 is loaded with volume, thickness and has predictability built in this pedigree for many generations. He ranks in the top 5% for marbling, top 2% for milk and the top 10% for calving ease and total maternal.

One of the strongest purebred bulls to be offered this fall with a pedigree stacked with proven genetics.

Genomic enhanced EPDs.

A very strong purebred 88% son of LWHF Intimidator 617Z out of a Post Rock Silver daughter that stems from the famed JBOB 3403 cow family. A very strong performance packed pedigree that leaves lot 52 ranking in the top 10% for yearling weight. He had a 102 weaning ratio and a 109 yearling ratio. This is our first year selling Intimidator progeny in bulls and females. They are very impressive with soundness, volume, thickness and style.

Genomic enhanced EPDs.

***Sells November 12, 2016 in the
2016 NAILE Gelbvieh sale in
Louisville, KY.***

Whoa Nellie! This one should have never left the farm! Her dam and grandam are both donors in our program. If you like 'em deep and thick with a phenomenal hip you will love this heifer. We will flush her dam for full sibs later this month. Certainly donor potential, and has the disposition of a puppy. Just look at her excellent EPDs. She's among the carcass elite. Notice she is homo black and homo polled.....icing on the cake.

Dam is CCRO 0300X out of the 8361U cow family. A maternal sister sells as lot 6 in this sale. She ranks in the top 3% for YG, top 10% for Milk and Marbling.

Please contact Duane Strider 336-964-6277 or David Slaughter 270-556-4259 for placing your bids.

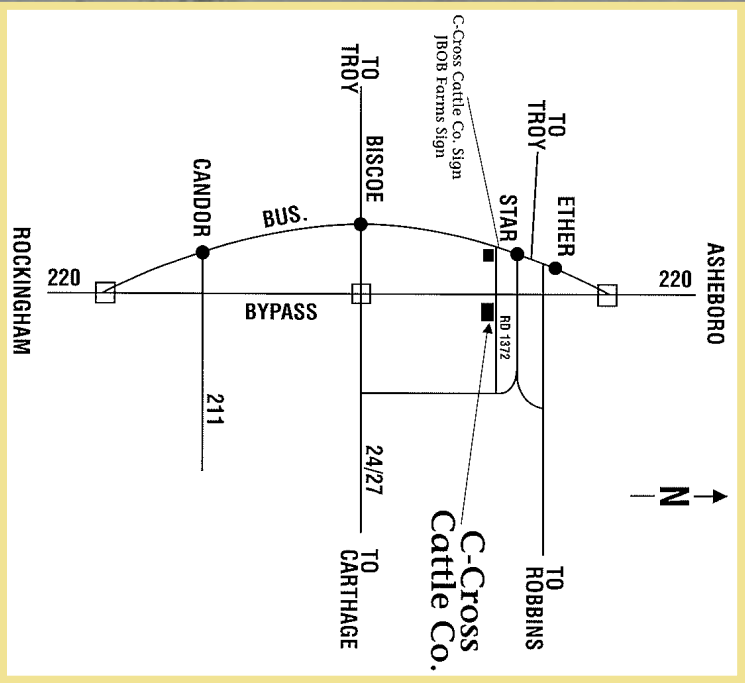

FIRST CLASS

BULL & FEMALE PRODUCTION SALE

PLEASE BRING SALE BOOK WITH YOU ON SALE DAY.

DIRECTIONS TO THE SALE FACILITY:
C-Cross Cattle Co. and JOB Farm Signs at T-intersection of OLD 220 and Auman Rd. Farm entrance is just across the interstate overpass.
