# GBOI *Junior Heifer Futurity*

The Gelbvieh Breeders of Iowa have added a Junior Futurity Class to the 2017 Iowa State Fair. Any junior purchasing a Futurity Heifer from the 2017 Gelbvieh Gold Sale will be eligible to show in this Futurity Class. Futurity eligible heifers are listed in the footnote and the entry fee is paid by the seller. Winners of the futurity class will win cash prizes. Complete details will be available at the 2017 Gelbvieh Gold Sale. Please inquire to any of the GBOI officers or board of directors.

### Genomic enhanced EPDs.

Selling a very rare flush opportunity on one of the top red donor females in the breed. Lee Ann 650U has produced 11 sons for an average \$5545 in our past Genetic Power Bull Sales. Two of these sons are high profile AI Sires, JEMG Steakhouse and JEMG Silver Dollar. Lee Ann 650U is averaging 13 transferable embryos per flush. The production power of this dam ranks at the top of our program. Her production of performance, maternal power and carcass traits can be matched to many sires that will give you future herd sires or donors.

### Flush Terms and conditions of Flush

Buyer is guaranteed 8 embryos with a maximum of 12. Four pregnancies guaranteed when put in by certified technician. The remaining embryos can be purchased at prorated price of flush guarantee of 8 if buyer wishes. 1 embryo per pregnancy is the guarantee. Once an embryo has been replaced the guarantee is fulfilled. Buyer pays shipping of embryos and semen cost and shipping unless a J Bar M herd sire is used for the flush.

Here is a great one out of the Big Dog 101Y that won the Breeders Choice Gelbvieh Bull Futurity in 2012. He is a gentle and quiet bull with plenty of bone and depth of body. His dam is the result of a flush out of RLKL RL First Lady U71 that produced the dam of lot 33, lot 35 and other production females in our program.

PLA BIG DOG 101Y || Sire of Lot 33.

*Genomic enhanced EPDs.* This is a beautiful dark red Balancer bull that has a clean front and smooth shoulder in concert with a birth weight of 70 lbs. (92.0 ratio) and a CE and BW EPDs ranking in the top 25% give him a lot of calving ease potential to be used on heifers. 3D's EPDs show high carcass quality with YG and MB EPDs ranking in the top 10% of Balancer sires. His sire, TAU 7B, was a 2015 NWSS Grand Champion Balancer pen bull and his dam, TAU 3112A, produced Herink Gelbvieh's high selling bull from last year. If the buyer wishes, Herink Gelbvieh will keep the bull at our farm for free of charge until April 1st.

*Genomic enhanced EPDs.* One of the best Gelbvieh purchases I ever made was from the semen package from the Post Rock bull, Astronaut. Not only are those calves standouts in my herd, they are in others as well. This black, homo polled bull is deep, thick, and very correct. He is one of the most docile bulls we have ever raised. This bull is in the top 5% for Weaning Weight and top 15% for Yearling Weight. He is also in the top 15% for carcass weight and marbling. So let this bull help to make your calves a standout.

*Genomic enhanced EPDs.* Talk about performance, HRNK 9D posted an adjusted weaning weight of 914 lbs off a first calf heifer. His weaning weight had a ratio of 112 and ranked #1 with in his contemporary group. His actual performance numbers are supported by some impressive EPDs, like a WW (99) and YW (146) EPD ranking in the top 1% of Balancer sires. Please note, 9D's above average carcass EPDs: Yield Grade (YG) and Carcass Weight (CW), which ranked in the top 30% and top 2%, respectively. HRNK 9D is not short of maternal traits either; as his pedigree is backed by the well-known Sienknecht Cattle Co. Trina cow family. If the buyer wishes, Herink Gelbvieh will be happy to keep the bull at our farm for free until April 1st.
