Quality Gelbvieh Seedstock

Chimney Butte Ranch Gelbvieh & Balancer Bull Sale

WELCOME TO OUR SALE

Thank you to all our past customers and a warm welcome to our new guests, if you make it in person, or join us on line thanks for your support of our program. We truly appreciate you taking time to look at what we have to offer this industry.

During preparation for this sale, we realized this is the 30th annual offering of bulls we have raised. Time flies, seems like just yesterday we were proudly purchasing our first 40 purebred heifers. They started us on a path to meet and work with some of the finest people on earth. Over the years we have made many friends who have helped us develop our herd. We have had the privilege of working with many well educated professionals regarding livestock management and genetics, they have helped us gain a big picture view of this great industry. But the real education and most rewarding part of this business is working with cattlemen, who are, our customers, fellow breeders, and most often friends. Working with people who are proud to get a little manure on their boots is a true honor. Cattlemen are geneticists, chemists, nutritionists, veterinarians, financiers, and the best environmentalists on the planet, and they usually are involved in all these occupations before lunch every day! What other occupation requires that you try to convince your banker you made money, and at the same time tell the IRS you lost your butt again. 30 years working with the best people on earth has been a blessing. We plan on continuing to enjoy this experience for years to come.

We feel our bull offering this year, is very well balanced and will meet the requirements of our industry today. In spite of the extreme heat and lack of moisture, performance is good. We feel these bulls will add value to whatever herds they go into. These bulls have been raised in the toughest, driest year that we have experienced on this ranch. The evolution of our breed, and our herd has been unbelievable. We have been and will continue to be involved in "THE PROCESS OF CONTINUOUS IMPROVEMENT". In other words, good for today is not good enough for tomorrow.

Open the tool box we have provided for you. Use the epds. Look hard at the performance data. Study the genomics. Review the catalogue material. Look at the videos. Look at the bulls. It takes many tools to build a house, and it will take many of these tools to build a herd for your future. These are all tools provided to help you select the bull best for your situation. After you review all the information, feel free to contact us, we will help answer any questions you have.

If you physically come to the sale, watch or bid on DV Auction, or have someone bid for you, be assured we will work to make your purchase a very satisfying experience. YOUR COMPLETE SATISFACTION IS IMPORTANT TO US.

GOD BLESS,
Doug, Carol, and family

Chimney Butte Ranch Bull Sale Information

Retained Interest - Chimney Butte Ranch reserves 50% semen interest in any bull offered for sale, unless otherwise specified. Any collection for our use or sale will be done at our expense and the customers convenience.

Chimney Butte Sight Unseen Warranty

If you cannot make it to the sale and wish to purchase a bull, please contact us. We will help select bulls for you to review. You may review the catalog and video to assist in your selection. On sale day, we will assign a third-party to call you and review the bull before the sale. We will have some one on the phone to bid for you. Bid online using DvAuction, or you may ask one of the Livestock Representatives to bid for you. Your bid will remain confidential and will be handled professionally. When we deliver the bull to you, if he is not what you think we described, we will refund 100% of your purchase price.

EPDs - Most bulls in the sale book have Genomic Enhanced EPDs. All EPDs current as of February 21, 2022.

Insurance -Ownership transfers at time of sale. It is recommended that bulls be insured. Bulls left for us to feed are at the buyers risk. Insurance is recommended for all bulls returned for us to care for.

Delivery

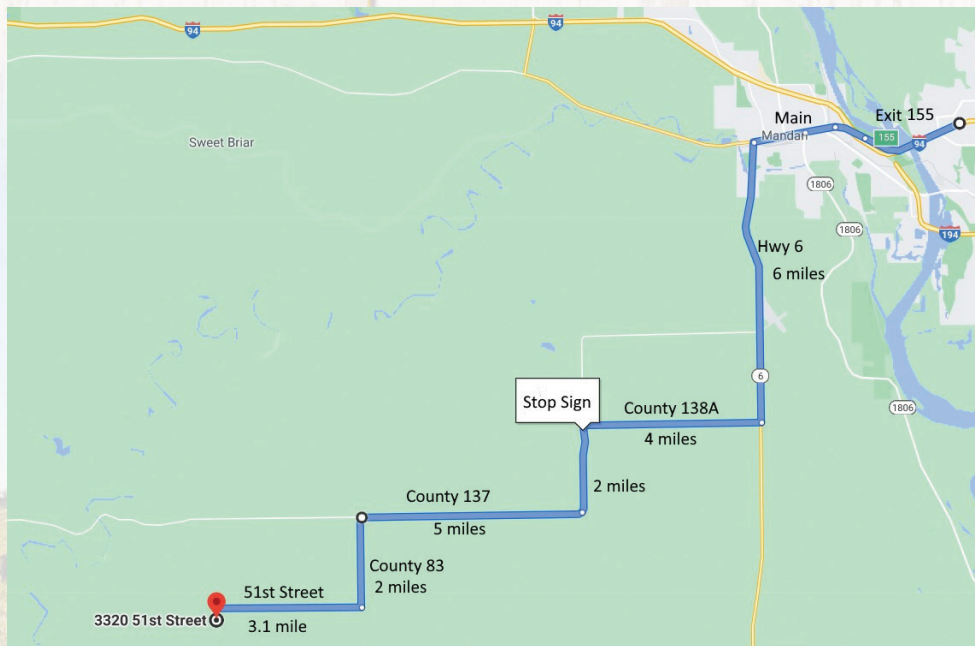

Option 1: Take your bulls home the day of sale and receive \$100 off your purchase price.

Option 2: We feed the bulls until April 1, provide a breeding soundness exam and deliver the bulls up to 350 miles at no charge. If delivery is over 350 miles, we will work with you to insure safe, prompt and economical delivery. No delivery will cost the buyer in excess of \$250. We will feed the bulls for you after April 1, for \$3.00 per day per bull. Buyer assumes all risk if bulls are left for us to feed. Insurance is recommended.

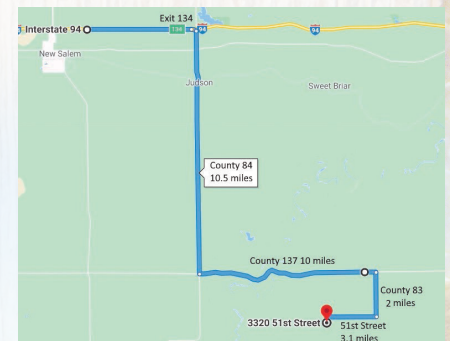

Storm Date - We will make every effort to hold the sale regardless of weather. The technology we have in place will allow us to hold the sale in case of storm. All animals are presented on video and the sale will be broadcast live on www.dvauction.com. We will also have phones available as well if you wish to be on a phone. Please give us a call if you cannot make the sale. We will postpone the sale if we feel road and weather conditions will place our help, customers or animals at excessive risks. Postponement will be announced on DvAuction, www.chimneybutteranch.com and local radio stations.

You don't need to look twice to know this Eminence sired bull is extra special. His excellent phenotype has a foundation of proven maternal genetics. Maternal grand dam achieved Dam of merit status 3 times, and Dam of Distinction twice. Maternal great grand dam also achieved Dam of Distinction. Deep dark red with herdsire potential.

80	60	15	25	70	30	75	20	75	15	75	5	10	

An Eminence sired bull that stands on his own with a good correct phenotype, extra length and nice volume. He is backed with a mama that has made Dam of merit 3 consecutive years, and a maternal great grand dam, T111, that achieved dam of merit 5 consecutive years, and Dam of Distinction 3 consecutive years. T111 has influence in other bulls of this offering including J181. Eminence genetics with this outstanding maternal pedigree should yield unlimited potential.

From the rear, you see an exceptional big wide rear end that carries deep. Good length, good rib and a solid set of feet to carry the weight. His dam, a product of our ET efforts, is from the unequalled Sam bull, who has proven to be amongst the top maternal sires in the breed. His sire, Eminence, is taking his place with the truly great sires of the Gelbvieh breed.

Dark red, big bone, correct structure, With plenty of length and volume. Great CE and BW, above average performance, with great carcass and Tye in the maternal genetics almost guarantees he will be a good one. DNA tested diluter free red. Red Buyers need to take a second look at this great HERDSIRE prospect as he is an outcross to most red programs. Retaining 50% semen interest.

Maternal genetics are strong indicators of a sire's potential. The maternal grand dam has achieved Dam of Merit 4 times, and Dam of Distinction once. The maternal great grand dam has also achieved Dam of Distinction status. Superior performance, fertility, and longevity are required to meet these standards. When an animal put together as good as this one is, and is backed by the strong maternal genetics he has, you can rest assured this homozygous black Eminence sired bull should be productive and profitable.

This Eminence sired bull has the look and the style of a great one. Big volume, wide top, nice quarter that carries deep down and the smooth clean lines to add class. His maternal pedigree is Upgrade and Y165. We have many females in production with the influence of these sires. Strong maternal pedigree that should produce great bulls and better replacement females.

80	90	50	45	40	50	95	90	85	4	30	60	80	

This is the only bull in this sale from a cow we did not raise. She was purchased at the Golden Rule Sale from Gustin Diamond D. As we expected she achieved dam of Merit status and has brought in several top end calves. This is an example of what great genetics will produce. Extra long, big wide top, great rib shape and overall, an outstanding animal. Destined to be one of the great ones.

50	50	35	30	30	25	55	90	85	3	80	95	60

A good calf with a nice quarter and lots of volume. An outcross maternal pedigree. The maternal grand dam has achieved Dam of Merit Twice, and Dam of Distinction twice. Dollar sired females sold on the top end in our 2021 female sale.

J251 DCH HILLE J251

J251 DCH HILLE J251

A great young prospect that on the maternal side goes back to the great Roy bull we raised and the ever popular A-I sire Absolute Black. He has the quarter and the rib to produce the pounds.

J167 DCH HILLE J167

Very difficult to find an animal like this. He is show quality and has performed better. Highest 205 weight bull of the year. Thick, deep, powerful looking with good clean lines. His mother is the dam to D410 Stock Options. Performance, looks, proven pedigree, powerful maternal genetics. HERDSIRE PROSPECT. Selling 100% possession and 25% semen interest.

J274 DCH HILLE J274

His mother achieved Dam of Merit, his grand dam achieved Dam of Merit 3 times and Dam of Distinction 3 times, The maternal great grand dam also achieved Dam of Distinction. Rest assured he is put together as well as his pedigree. Bulls with this strong of maternal pedigree, indicating, performance, fertility and longeivity are hard to find.

J145 DCH HILLE J145

A first calf heifer, bred for calving ease, brought in a first class calf. Smooth and deep with great performance from a first calf heifer. The Quality and performance from his sire is just frosting on the cake.

BW ratio 94, WW ratio 106 curve bending statistics. Red genetics that go back to some black superstars in the maternal pedigree. Our U510 cow, that has produced many high end bulls and females, plus the influence of the Granite bull. Proven black genetics in a red package. An awesome red outcross. Easy to look at, hard to walk away from. He is smooth made with outstanding length and thickness. We plan on collecting this bull before delivery. Retaining 50% semen interest.

Start With a WW ratio of 117. Add a big long correct phenotype, good structure and lots of volume. Follow it up with a maternal pedigree that has a dam who achieved dam of merit twice and a maternal grand dam that achieved dam of Merit once and Dam of Distinction twice. This is a recipe for a productive profitable herd sire.

25	15	90	90	2	25	20	1	65	35	25	80	80

Sire influence from C169, who has placed top end bulls and females in many herds, and has consistently produced the good ones. Complimented with maternal genetics that include the dam who has achieved Dam of Merit, The maternal grand dam has achieved Dam of Merit, and the maternal grand dam has achieved Dam of Distinction status. He reads as good as he looks. these proven genetics should put top end replacements in the pen, and extra pounds on the steers. This one is for the breeder who really wants the special red herd sire.
