# North Dakota Golden Rule Sale

Sunday, January 29, 2023 2:00 p.m. (CST)

Kist Livestock Auction || Mandan, North Dakota

**32 Registered Gelbvieh and Balancer Lots Sell**

**25 Commercial Gelbvieh Influenced Bred and Open Heifers**

## SALE DAY PHONES

Chris Mitchell 334-695-1371

## AUCTIONEER

Jay Elfeldt 308-293-3049

## SALE HEADQUARTERS

Baymont Inn & Suites

2611 Old Red Trail • Mandan, ND 58554

701-663-7401

A block of rooms with special rate are reserved under the ND Gelbvieh Association.

## TERMS AND CONDITIONS

Terms are cash or check and settlement must be made before cattle leave the sale facility. All cattle sell under the standard terms and conditions of the American Gelbvieh Association. Any cattle selling out of the country will sell for US dollars at the exchange rate for that day.

## SUPPLEMENTAL INFORMATION

A supplement sheet will be available sale day with updated information, including breeding and calving information. The supplement sheet and announcements from the block take precedence over the catalog.

## HEALTH INFORMATION

All cattle sell with a valid health certificate that will allow shipment anywhere in the continental United States. Any cattle selling out of the country will be responsible for export health expenses.

## LIABILITY

All persons attending the sale do so at their own risk. Sale hosts and/or the sale management assumes no liability for accidents, theft or damages occurring at the sale facility.

## NDGA Schedule of Events

### Saturday, January 28, 2023

#### Baymont Inn and Suites, Mandan, North Dakota

# North Dakota Gelbvieh Association Donation Heifer

DCH G406 Pick of 2020 Chimney Butte Ranch Open Heifers

Thank you to Chimney Butte Ranch for donating pick of 2022 open heifers to the North Dakota Gelbvieh Association for our 2023 fundraiser. The continued support of the North Dakota Gelbvieh Association is appreciated.

Purchase your raffle tickets for \$5 from any member. Raffle tickets will be sold at the start of the North Dakota Golden Rule Sale at Kist Livestock Auction. Tickets may be purchased at this time on DvAuction as well.

### Drawing Winner has choice of

1 Donation Heifer donated by Chimney Butte Ranch or \$1,000 cash  
Additional Raffle prizes during the drawing also

### Chimney Butte Ranch is proud to offer the 2023 Golden Rule Raffle Heifer.

November 9, 2022 gave us 24-30 inches of fluffy white snow, the wind filled our corrals, feedlot and facilities with drifts. This wonderful moisture has been followed by another 24+ inches in late December, again drifting our facilities full of snow. We found it impractical to get a single heifer calf ready to present properly at the Golden Rule Sale.

After discussions with members of the sale committee and MMS, we decided to offer a pick of any of our 2022 born open heifers. There will be approximately 100 to select from. The A-I sired heifers include offspring from, PHG E02 Eminence, DCH C169, JOB 53B Choco, DCH G413 Triple Husker, DCH H705 Herbie, and DCH H719 Hagar. 16 natural sires were used in our 2021 breeding program. They include two Breeders Choice Futurity champions, PHG E02 Eminence and PHS OL Glory 935G. Other natural sires used include DCH G421, JOB Choco 53B, and DCH D610 Dollar to name a few. Winner of the drawing will be given a complete list of sires, and available heifer calves. All heifers will be registered with DNA profiles. Currently registration and DNA are in process. If requested we will develop, breed and preg check this heifer with our other heifers. This will be at a negotiated price with the lucky winner. The heifer will be given a reproductive tract vet exam with our other heifers.

In the 30 plus years we have raised Gelbvieh seed stock we have only offered a pick of the herd one other time. We offered a pick of the herd in the 2020 Golden Rule sale. Rippe Gelbvieh purchased and selected DCH G406. They bred her and then put her in the donor pen. During the December 2022 Rippe Red dispersion, several of her Daughters sold, averaging over \$4000 each. G406 was the high selling individual of the sale, and brought \$32,000.

We cannot guarantee how an animal will develop, but we are offering a unique opportunity, and chance to own one of our best for the mere price of a raffle ticket. The proceeds from this raffle go to the NDGA for promotion and other operating expenses. Purchasing tickets help promote our breed and the future of the breed in North Dakota.

It only takes a ticket to own this once in a lifetime opportunity. Contact any NDGA member to buy a ticket, or multiple tickets. We look forward to assisting the winner of this opportunity.

Jordan Jensen

[www.ndgelviehassociation.com](http://www.ndgelviehassociation.com)

Founded in 1982 with 6 members. Today there are approximately 60 members. The North Dakota Gelbvieh Association (NDGA) sponsors the annual "Golden Rule" sale. This sale is one of the longest running, most successful state association sales in the nation. North Dakota ranks 4th in the nation for active cows and 5th in the nation for registered cows. According to the American Gelbvieh Association (AGA), North Dakota is the most aggressive state in the nation for promoting the Gelbvieh breed.

SELLER: LOST RIVER LIVESTOCK, CLEARBROOK, MN

Affectionately referred to as "Sniffy" by my kids because of her sweet and curious disposition, this gal could make a great summer project for a junior especially since the AGJA Junior National will be held in Huron, SD this summer. Rylee J66 exhibits tremendous power from end to end with big bone structure and a correct overall pattern. She traces back to our potent Rylee U810 donor and sports strong EPD's with top 3% growth coupled with top 35% MARB and top 10% FPI. A top-notch female to add power and carcass merit to any herd. Rylee J66 was AI bred on May 25, 2022 to DLW TPG Frontrunner 2510F and is due March 4, 2023. The purebred 94% Gelbvieh, homo polled, homo black calf she's carrying could be one of the top calves for her new owner, bull or heifer, with calving ease traits near breed average, top 10% WW, 2% YW, 20% MILK, 10% REA, 15% MARB and 5% FPI.

SELLER: DIAMOND D GELBVIEH, MANDAN, ND

This gal is easy on the eyes. Clean fronted, deep bodied and smooth moving describe Jocelyn. She comes from a long line of deep bodied females. Musgrave 316 Stunner has worked awesome in our program. The cattle have great phenotype and performance. High performance, high carcass heifer that still ranks in the top 35% for Calving Ease. She is carrying an AI heifer calf sired by DDGR Baller and is due March 4.

SELLER: LOST RIVER LIVESTOCK, CLEARBROOK, MN

LRSF Arianna J190 is a very long spined and attractive purebred Gelbvieh female tracing back to our 77B donor purchased from Gustin's Diamond D as the pick of their open heifers in 2015. The 77B cow has been a consistent producer for us and longtime member of our donor battery landing numerous progeny in seedstock herds across the country. Arianna J190 is also part of the first group of Frontrunner daughters to calve and the excitement around these females is tremendous. This gal maintains outstanding EPD strength with top 15% CED, 35% BW, 40% STAY, 10% REA, 20% MARB and 30% FPI. Arianna J190 was AI bred on May 7, 2022 to Tehama Patriarch F028, the lead-off Angus bull in the ABS lineup and sells ultrasound confirmed safe to her AI date, due February 14, 2023 carrying a heifer calf with absolutely barn-burning figures led by top 10% CED, 35% WW, 15% YW, 10% REA, 15% MARB and 10% FPI.

SELLER: ALLAN OR PEGGY GUSTIN, MANDAN, ND  
 This female comes from a strong cow family, with proven performance. She, herself, has YG and CREA EPD's in the top 5% of the breed. Her dam, a Dam of Merit, ranks in the top 10% for WW and YW and has a WWR of 103 on four head. Her grand-dam has a WWR of 106 on 7 head. We bought her sire, Grid Topper 147E, because of his strong carcass characteristics. Combine the two and you get a nice package with lots of potential. She's AI bred for a March 10 Franchise F806 heifer calf.

SELLER: HOOTS LIVESTOCK, KILLDEER, ND

J101 is a daughter of DCH B197 (Tye Son). We retain all of the Tye influence females we can. The Tye influence has done great things for us, adding stretch and pounds to our calves. Her dam is a Babe Magnet daughter. We retain the Babe Magnet offspring in our herd as well. Due 3-15-23 to DCH C169 with a bull calf. What a great combination.

 JEN K117 ET is a homo-polled, hetero-black son of BNC CLASS ACTION G915, this is my first set of CLASS ACTION calves and from what I can see they grow well and seem to taper off as they mature. I think they will turn into moderate framed cattle. We mated CLASS ACTION to our donor cow JORD MISS LULABELLE B25 and the results were great. JEN K117 is one of the ten flushmates that we have and they are all very consistent.

SELLER: WOHL FARMS, BALDWIN, ND  
 Quality bull. Reliable lower BW & CE with a heavy weaning & yearling weight. Approx 5.7 frame. PB mating working well with younger full brother doing the same. These long-aged bulls raised in 2021 drought, 2022 spring & winter blizzards, out of Bull pasture w/o grain on Nov. 20th, Dec. 11th photos, semen tested Jan 3rd. Dam's pedigree uniquely includes the Winter sire that has placed bulls in Seed-stock herds. Performing additional DNA for AI permit. Retaining 1/3 semen interest.

SELLER: WOHL FARMS, BALDWIN, ND  
 This is the outcome of combining a performance first calf ET heifer bred to a proven calving ease, moderate framed sire. The J9010 bull has lots of length and explosive growth. He was not pushed on feed and developed to be athletic and conditioned for use on a large group of cows. If you're looking for exceptionally long cattle, consider him. AI permit completed. Retaining 1/3 semen interest.

SELLER: WOHL FARMS, BALDWIN, ND  
 Moderate framed, thicker made and docile bull. I started raising Gelbvieh 30 years ago and in 1993 his Hereford cross great-grandam was a pick of the herd off of a Gelbvieh ranch along with a couple solid black Gelbvieh cows. Use JBW3 to breed your white faced F1's and get all black hided calves, a boast to weaning weights and keep those Gelbvieh cross replacement heifer calves. Regardless of color pattern, this particular lineage demonstrates longevity, easy keeping and is profitable across time.

# NDGA Commercial Gelbvieh Influenced Heifers

## 34-48 15 Commercial Bred Heifers

SELLER: HOOTS LIVESTOCK, KILLDEER, ND

15 - 25% to 50% Gelbvieh Influenced bred heifers. Black and Red Bred Heifers will be sorted and sold as same color groups. Start calving April 1, 2023. Heifers are bred to Chimney Butte Ranch calving ease, low birth Gelbvieh Bulls.

## 57-59 3 Commercial Open Heifers

SELLER: KICKING HORSE RANCH, OILMONT, MT

3- Gelbvieh/Red Angus cross spring 2022 open balancer heifers from the Kicking Horse herd in Montana. Calving ease and maternal genetics.

## 49-56 8 Commercial Open Heifers

SELLER: MARK CARLSON, POWERS LAKE, ND

8 March and April born heifers sired by a Jensen Ranch purebred Gelbvieh bull. The dams of these heifers are predominantly Red Angus with some Gelbvieh influence. They should make you a great set off mama cows.

*smart.  
reliable.  
profitable.*

Take advantage of the power of maternal heterosis in your cowherd. Gelbvieh and Balancer and genetics can help improve the productivity and longevity of your cowherd through the benefits received from hybrid vigor and breed complementarity.

"THE MATERNAL STRENGTHS OF GELBVIEH ARE A GREAT ADVANTAGE IN MY COWHERD. THESE FEMALES ARE GOOD MOTHERS, THEY HAVE QUIET DISPOSITIONS, THEY CLAIM THEIR CALVES AT BIRTH AND THEY MILK WELL."

-Matt Jarvis, Rollin J Ranch, Phillipsburg, Kan.

| Trait               | Effects of Individual Heterosis on Crossbred Calves | Effects of Maternal Heterosis with Crossbred Cows |

| Yearling Weight     | +29.1 lbs.  | -   |
| Average Daily Gain  | +0.08 lb./day                                       | -   |
| Longevity           | -   | +1.36 years                                       |

The crossbred cow produces almost one more calf in her productive lifetime compared to straight-bred females.

# CROSSBREEDING is easy with GELBVIEWH

*“the Continental breed of choice”*

## PERFORMANCE

Gelbvieh maternal influence in a crossbreeding system offers added fertility, increased longevity, and more pounds of calf weaned per cow exposed.

## PRODUCTIVITY

The crossbred female is 30 percent more productive over her lifetime. Greater productivity equates to more money in the bank.

## PROFITABILITY

Using Gelbvieh genetics can increase profitability through heavier weaning weights, feed bunk efficiency as well as heavier, faster gaining feeder cattle.

*Audrey Peels*  
DESIGNER & ARTIST

*Gelbvieh* genetics deliver *maternal superiority* in planned crossbreeding systems. Highly productive cows with adaptability, versatility, and stayability can have a positive impact on your bottom line.
